# CITIZENSHIP BY INVESTMENT PROGRAMME

In November 2024, Nauru officially launched its Economic and Climate Resilience Citizenship by Investment Programme. Nauru is a small island in the Pacific Ocean, and is officially the world's third smallest country. This island nation, just 21 square kilometers in size, boasts a warm tropical climate, pristine beaches, and a rich cultural history. Once famed for its export of highly valuable phosphate resources, the country is now committed to building a better and more sustainable future for its 12,000 strong population.

Offering one of the most affordable citizenship by investment options worldwide, the Nauru Economic and Climate Resilience Citizenship by Investment Programme has emerged as a popular option among investors who value ease of travel, and programs that facilitate their entire families. With visa free travel to global hubs such as the UK, the UAE, Hong Kong, Singapore and Ireland, and options to include the applicants spouse, children under the age of 30, siblings and parents or grandparents over the age of 55, the Nauru Citizenship by Investment program is a great option for high-net-worth individuals and families seeking enhanced global mobility, wealth protection, and a secure second citizenship.
